This course has been based on Palgrave Macmillan’s Mastering Arabic book and audio. The book is available from the library. However we recommend that you buy your own copy so you can review things from home. The audio files are available 24/7 365 days a year on any device via our Sony SansSpace Language learning facility.

You will see that each session points you to a unit in the book and describes the language topics that you will be practising.

Enjoy your language learning! Don’t forget that regular study is the key. You should aim to do 2 hours per week minimum, preferably in small, manageable “chunks”. Set yourself realistic targets and take every opportunity to practise what you have learned. Join the Arabic conversation club.
