This course has been based mainly on the BBC’s Talk French book, audio and video. The book is available from the library. However we recommend that you buy your own copy so you can review things from home. The audio and video files are available via Panopto.

You will see that each session points you to a unit in the book and describes the language topics that you will be practising.

Therefore Talk French is your “Core Activity”.

However if you want to do more in a week than just the Talk French course book we have also recommended the Talk French video clips. These clips will back up the topic areas you have covered in the Core Activity. They are also available via Panopto learning facility. We have referred to this section as “Additional Materials”

Enjoy your language learning! Don’t forget that regular study is the key. You should aim to do 2 hours per week minimum, preferably in small, manageable “chunks”. Set yourself realistic targets and take every opportunity to practise what you have learned. Join the French Beginners’ Conversation Club.
